

BONALDO

Boolean armchair

Designer: **Giuseppe Viganò**

Boolean armchair nasce a completamento dell'omonimo divano: se da una parte riconosciamo gli stessi virtuosismi tecnici di spazi pieni e vuoti dettati dalla base a ponte che ne caratterizza il design, dall'altra presenta un profilo morbido e curvilineo che ne esalta la personalità, sia in abbinamento al

divano sia come prodotto a sé stante, capace di vivere in uno spazio living da protagonista. La poltrona Boolean armchair è disponibile in tessuto o pelle, mentre per la base è possibile scegliere tra due tipologie di legno: l'elegante rovere carbone o l'accogliente noce Canaletto.
